

## Forschungspraktikum Kriminologie Winter Semester Biologie

Date	Time	Activity
08.11.2018	10-12 h	Meeting Dr. Menes Corrales and VO
12.11.2018	13-14h	Neurobiology of Aggression Sex differences on Aggression
22.11.2018	10-12 h	Theorien und Neurokriminologie (I) Lorena Menes Corrales
29.11.2018	10-12 h	Theorien und Neurokriminologie (II) Lorena Menes Corrales
18.01.2019	9-11 h	Introduction
18.01.2019	13-16 h	Praktikum: The female intruder test*

### Notes:

- Our experiments are always in the afternoon save the hours!
- We have journal clubs on Tuesdays and from 12:00-13:00 – New Biology Building D4-2. 309 Seminarraum-Lehrstuhl Neumann;
- We also have Thursday seminars about different topics including aggression 16:15 schedule is attached;
- Menes Corrales talks about Neurosciences and Criminology from a theoretical and practical perspective (evidence from the criminological field);
- \* Eventually the students could follow another experiment depending on their interest and availability.
